DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles Krukiel on September 12, 2006.

2. The amendments are as follows:

- a. Claims 1,2,4,6-17,19,20,22-33,39 and 40 are cancelled without prejudice to their continued prosecution in a continuation application.
- b. In claim 5, line 2, remove "-terminated"
- c. In claim 5, line 5, add before "polybutadiene" —a hydroxyl terminated—

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The closest prior art of record Flat et al. (US 5,993,965) teaches compositions which provide protective coatings to polyamide fibers comprising epoxidized polybutadienediol having an OH at each end of the chain, specifically Poly BD 600/605, which in addition may have vinyl comonomers (column 2, lines 6-44), however does not teach polybutadiene

grafted with maleic anhydride. Another newly found art, Soane et al. (US 6,472,476), teaches soil repellant finishes for fibrous substrates (column 2, lines 20-30) wherein the fabric treatment composition comprises fluoropolymers and poly(butadiene-graft-maleic anhydride) (column 6, lines 30-40), however this reference does not teach hydroxyl-terminated poly(butadiene-graft-maleic anhydride). Therefore, the claims are allowable over the prior art of record because the prior art does not teach or fairly suggest stain resist compositions or methods comprising hydroxyl-terminated polybutadiene grafted with maleic anhydride.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amina Khan whose telephone number is (571) 272-5573. The examiner can normally be reached on Monday through Friday, 8:30-5.
